# **BUILDING EFFECTIVE FINANCIAL SYSTEMS TO SUPPORT MICROFINANCE AND FINANCIAL INCLUSION**

**2<sup>nd</sup> Edition  
London , UK**

**25 – 29 June 2018**

## About the Event:

The financial system plays a vital role in supporting sustainable economic growth and meeting financial needs. It does this by facilitating funding, liquidity and price discovery, while also providing effective risk management, payment and some monitoring services.

Any financial system designed to support and enhance financial inclusion most operate in an efficient and resilient manner and treats participants within the financial system fairly. This occurs when participants fulfil their roles and responsibilities in a way that engenders confidence and trust in the system.

The financial industry makes a considerable contribution to employment and economic output; however, it is important that the system is efficient, resilient and fair in order to facilitate economic activity.
